 We bring you greetings from our team in Madagascar. Great news! The transmitters in Madagascar are fully installed! We still have work to get various computer and electronic systems in place, and that will take a few weeks. The next step after that requires our engineers to put the new equipment, radio frequencies and antennas through several weeks of testing. Not long after all this is accomplished, we can begin broadcasting an additional 11 hours of daily broadcasts from Madagascar in early 2016. Be prayerful about the new programs in Arabic, English for Africa along with broadcasts in Russian, Chinese, Spanish and English to new areas of the world . God willing we will be one of those hours - \$ are pledged & budgeted
